Dear St. Bruno and St. Richard School Communities,

For generations, St. Bruno and St. Richard have been a second home to thousands of Archer Heights families. Earlier this year, the two parishes came together as one in order to create a more vibrant future. Next year, St. Bruno and St. Richard schools will also combine to create a stronger academic program for the area's wonderful young people.

We believe a single, unified school will allow for greater academic and extracurricular opportunities, and will better meet the unique needs and interests of each student. Over time, we predict a single, unified school with stronger programs will attract more families and the two-campus approach gives us room to accommodate that growth.

As Superintendent of Schools, I see great things in the future for St. Bruno - St. Richard School and I look forward to working with you to make that future a reality.

Peace,
